# Club Alpbach Medica Mentoring-Programm "Beaming Turtles Reloaded 2011/12"

Go Alpbach - Go Future

## Letter of Commitment

I commit to participate and contribute actively to the **mentoring program**, to keep this "Letter of Commitment" and respect the impulses and resources of Club Alpbach Medica and its cooperation partners. I will attend the complete mentoring program, consisting of the Grantholder Celebrations, the European Forum Alpbach (complete duration) all Club Weekends and further Engagement for future Health Care and Social Systems in Europe.

In case I get awarded **one out of up to 30 grants << Turtle Beaming 2011/12 >>**<sup>\*)</sup> I will transfer a contribution of 250,- EUR until the 20<sup>th</sup> of May 2011 to the official bank account of Club Alpbach Medica.

Club-Weekends: I will cooperate together with a second grantholder or member of Club Alpbach Medica in preparing and moderating at least one club dialogue and one fireside chat, using the skills acquired in the skills workshops and the moderation coaching.

Costs for travelling and accommodation are paid by me. Together with all the other grantholders and members I will contribute to a successful and sustainable outcome of the club weekend and club live during the Mentoring-Year 2011/12, starting on the 7<sup>th</sup> of June 2011 and ending on the 5<sup>th</sup> of June 2012.

Calendar Date, Signature

**\*) Attention!**

Please sign and scan the „**Letter of Commitment**“ and send it together with the application documents. This is to emphasise the importance of an appropriate time and priority management by the grant-holder for the successful participation in the mentoring program. The signed letter of commitment is an important and essential criteria of grantholder selection of the mentoring-program 2011/12. In order to cooperate constructively it is important to Club Alpbach Medica that also the **Letter and Rules of Cooperation** is respected and obliged by the grant-holder.

Changes of content, enlargement of organizational formats and development of the mentoring program by the members of the board are part of the continuous, dynamic growth of Club Alpbach Medica. The impulse und dialogue-partners of the mentoring-programs are unique in terms of content, format, atmosphere, number in every mentoring-program (see also results of the Mentoring-Program 2009/10 and CAM-Impulses during the European Forum Alpbach 2010). Therefore complete attendance is mandatory - it is impossible to catch up on missed parts during a future mentoring program.

Due to limited resources it is important that the grantholder with his/her personal needs for exception and change of priorities in life stays within the organizational frame provided. Otherwise, the members of the board decide whether the grantholder is allowed to stay within the mentoring program or is expelled.

**If the grant is accepted by the grant-holder but not used accordingly** (e.g: incomplete participation, exit of the program due to priorities changed and/or ejection by the members of the board) a fee of 1.500,- EUR has to be paid and transferred by the grantholder to the Club's bank account latest by 5. June 2012.

This fee does not meet the real value of the grant and the contributions by the experts of the mentoring-programs. It is not possible to pay an aliquot rate due to the mentoring-program-parts missed. This rule was established to ensure a careful acceptance and handling of the mentoring and engagement contributions and resources of Club Alpbach Medica and its dialogue and cooperation partners.
